

Brookside Laboratories, Inc. Environmental Testing

Brookside Laboratories is EPA certified in:

SOC's (Methods 508, 515.1, 525.2, 504.1, 531.1, 547, 549.2, 548.1)

VOC's (Method 524.2, 552.2, TTHM)

Wet Chemistry (Chloride, Fluoride, Cyanide, Phosphorus, Sulfate, TDS, pH, Chlorine, Alkalinity, Corrosivity, Nitrogen-Nitrate, Nitrogen-Nitrite)

Microbiology (Total Coliform)

Metals (Methods 200.5, 200.7, 245.1)

Water Testing (Including drinking, wastewater, and groundwater):

Organics – SOC's, VOC's

Metals – Arsenic, Lead & Copper, Hardness, Iron, Sodium, Heavy Metals

Wet Chemistry – Alkalinity, Chloride, Fluoride, Cyanide, Phosphorus, Nitrogen-Nitrate, Nitrogen-Nitrite, Nitrogen-Ammonia

Bacteria – Total Coliform, Fecal Coliform, E.coli

New Well Pkg. – VOC's, SOC's, Metals, Wet Chemistry, Radiologicals

Soil/Tissue Testing:

Herbicides, Fungicides, Pesticides

Metals

Sludge Testing:

Nitrogen-Ammonia, Nitrogen-Nitrate, Nitrogen-TKN, pH, Phosphorus-Total, Potassium, Specific Gravity, Total Solids

Metals

PCB's

*Packages available for cost efficiency.

*Discounts available for bulk amounts of samples.

*Call for pricing at 419-753-2448.
